**SUBJECT:** Stay at Home Order

**ORIGINATING AGENCY:** Office of the Mayor

By virtue of the authority vested in me as Mayor of the District of Columbia pursuant to section 422 of the District of Columbia Home Rule Act, approved December 24, 1973, Pub. L. 93-198, 87 Stat. 790, D.C. Official Code § 1-204.22 (2016 Repl.); in accordance with the COVID-19 Response Emergency Amendment Act of 2020, effective March 17, 2020, D.C. Act 23-247, and any substantially similar subsequent emergency or temporary legislation; section 5 of the District of Columbia Public Emergency Act of 1980, effective March 5, 1981, D.C. Law 3-149, D.C. Official Code § 7-2304 (2018 Repl.); section 5a of the District of Columbia Public Emergency Act of 1980, effective October 17, 2002, D.C. Law 14-194, D.C. Official Code § 7-2304.01 (2018 Repl.); and section 1 of An Act To Authorize the Commissioners of the District of Columbia to make regulations to prevent and control the spread of communicable and preventable diseases, approved August 11, 1939, 53 Stat. 1408, D.C. Official Code §§ 7-131 *et seq.* (2012 Repl.), it is hereby **ORDERED** that:

**I. BACKGROUND**

1. This Order is issued based on the increasing number of confirmed cases of COVID-19 within Washington, DC, and throughout the metropolitan Washington region. Scientific evidence and public health practices show that the most effective approach to slowing the community transmission of communicable diseases like COVID-19 is through social distancing. The age and health of a significant portion of the population of Washington, DC, places thousands of residents at risk for serious health complications, including death, from COVID-19.
2. Due to the outbreak of the COVID-19 virus, Mayor's Order 2020-045, dated March 11, 2020, and Mayor's Order 2020-046, dated March 11, 2020 issued declarations of a public emergency and public health emergency. Mayor's Order 2020-050, dated March 20, 2020, extended those declarations of a public emergency and public health emergency through April 24, 2020. Mayor's Order 2020-048, dated March 16, 2020, Mayor's Order 2020-051, dated March 20, 2020, Mayor's Order 2020-053, dated March 24, 2020, and several directives from the Department of Health provided for additional steps required to protect public health. The COVID-19 Emergency Response Amendment Act of 2020 (D.C. Act 23-247), which was approved by the Council and the Mayor on March 17, 2020, empower the District government with additional tools to address

COVID-19. In addition, the President declared a national emergency on March 13, 2020, and the World Health Organization on March 11, 2020, characterized COVID-19 as a pandemic.

3. The findings of prior COVID-19 Mayor's Orders are incorporated here by reference.
4. Because of the risk of the rapid spread of the virus, and the need to protect all members of Washington, DC, and the region, especially residents most vulnerable to suffering the prolonged illness or death from the virus, and local health care providers and first responders, this Order requires all individuals anywhere in Washington, DC, to stay in their residences except to perform essential activities, engage in essential business, provide or obtain essential government services, or engage certain authorized recreational activities not involving close contact with other persons.
5. The intent of this Order is to:
  - a. Keep the maximum number of people in their residences to the maximum extent feasible, consistent with protecting their own health and the health of others, while enabling essential activities, government services, and business to continue;
  - b. Significantly slow the spread of COVID-19;
  - c. Reduce COVID-19 virus infections, COVID-19 illness, and death caused by COVID-19 and its complications;
  - d. Protect the health, safety, and welfare of the residents of Washington, DC, and other individuals located in Washington, DC;
  - e. Allow essential activities, businesses, and government services to operate and be delivered in relative safety; and
  - f. To preserve a sphere of personal freedom by allowing outside recreational activities under conditions designed to minimize health risks.
